Transmittal Letter

September 6, 2023

The Audit Committee of  
Brevard County, Florida  
2725 Judge Fran Jamieson Way  
Viera, Florida 32940-6699

Pursuant to the approved 2022/2023 internal audit plan, we hereby submit our internal audit of the American Rescue Plan Act (“ARPA”) Grant. We will be presenting this report to the Audit Committee at the next scheduled meeting on September 20, 2023.

Our report is organized in the following sections:

<b>Executive Summary</b>	This provides a summary of the observations and testing results related to our internal audit of the ARPA grant.
<b>Background</b>	This provides a general overview of the ARPA grant.
<b>Objectives Approach and Results</b>	The internal audit objectives and focus are expanded upon in this section as well as a review of the various phases of our approach and the results of our audit procedures.
<b>Table I – Cumulative Approved Project Totals</b>	Total cumulative amounts for approved projects allocated by category from the quarterly report through March 31, 2023.

We would like to thank all those involved in assisting the Internal Auditors in connection with the internal audit of the ARPA grant.

Respectfully Submitted,

*Carr, Riggs & Ingram, L.L.C.*

**INTERNAL AUDITORS**

# Executive Summary

---

## Overview

The American Rescue Plan Act of 2021 is a \$1.9 trillion coronavirus rescue package designed to facilitate the United States' recovery from the devastating economic and health effects of the COVID-19 pandemic. Brevard County was allocated \$116,920,177, and received its initial tranche of funding in the amount of \$58,460,088.50 on May 18, 2021 and the remainder of the funding was received on June 9, 2022.

These funds may be used for four categories:

1. Public health emergency with respect to Coronavirus Disease or its negative economic impacts
2. Premium pay to eligible workers
3. Revenue replacement for the provision of government services to the extent of the reduction in revenue of the county
4. Investments in water, sewer, or broadband infrastructure

The Treasury's final ruling detailing the final compliance requirements was published on January 6, 2022.

## Objective, Approach and Results

The primary purpose of the internal audit of the ARPA grant function was to test the accuracy and compliance of the recovery plan and the quarterly project and expenditure report due April 30, 2023.

We obtained the draft quarterly project expenditure reports and reviewed the report prior to the submission date for compliance with reporting guidelines, and that all projects budgeted for had descriptions for allowable activities. See results noted below.

Additionally, we noted that the County has expended funds during this quarter (January 1, 2023 - March 31, 2023) under seventeen projects, and we agreed the expenditure amount in the report to the general ledger detail without exception for the programs totaling \$6,925,308.

<b>Summary of Results</b> <b>(See within for expanded results)</b>	
Quarterly Project and Expenditure Report (January 1, 2023 - March 31, 2023) Submitted: April 30, 2023	Project Allocations
The report was reviewed and submitted on time.	All of the proposed projects approved through March 31, 2023 were allowable projects based upon the category assignment.

# Background

---

## Overview:

ARPA activities are initiated and developed at the local level to support a community's response to and recovery from the COVID-19 public health emergency. Each entitlement grantee receiving ARPA funds may determine what activities it will fund as long as certain requirements are met.

## Allowable Activities and Unallowable Activities:

Allowable activities fall under one of four categories:

1. Public Health and Negative Economic Impacts caused by the Public Health Emergency
2. Premium Pay for Essential Workers
3. Water and Sewer and Broadband Infrastructure Improvements
4. Replace lost public sector revenues

Unallowable activities include:

1. Contributions to Pension Plans
2. Debt Payments
3. Contributions for Reserve Funds
4. Paying Settlements of Judgments
5. Programs with requirements that undermine CDC Guidance

## Lost Revenues

The lost revenues calculation is detailed in the interim final ruling, and expanded options were allowed for by Treasury's final ruling issued January 6, 2022.

The rate of growth is determined as the higher of either 5.2% standard rate or the actual rate of the county. The actual growth rate is calculated using the average annual revenue growth in the last full three fiscal years prior to COVID -19 public health emergency.

The counterfactual revenue is then calculated for each year utilizing either a fiscal or calendar year for 2020, 2021, 2022, and 2023, utilizing the formula below.

$$\text{base year revenue} \times (1 + \text{growth adjustment})^{\frac{n}{12}}$$

The counterfactual revenue is then compared to the actual revenue, and the difference is the lost revenues for the period.

# Background – continued

---

## Schedule of Funding and Period of Performance:

The County received \$58,460,088.50 on May 18, 2021, and received the remaining \$58,460,088.50 on June 9, 2022. The funds can be used for expenditures from March 3, 2021 through December 31, 2026. Any funds expended January 1, 2025 - December 31, 2026 must be obligated by December 31, 2024 and can only be spent on what was obligated. Any funds not spent on what was obligated by December 31, 2026 must be returned to the U.S. Department of Treasury.

## Procurement:

The procurement guidelines are the same as all other federal grants. Purchases must be made following the requirements in 2 CFR §200.318 through 200.327. Purchases above the simplified acquisition threshold (currently at \$250,000), must be bid or noncompetitive procurement methods should be documented. Quotes should be obtained for small purchases (purchases between the simplified acquisition threshold and the micro-purchases threshold (currently at \$10,000)).

Prior to entering in to subawards or contracts with award funds, the County must verify that contractors and/ or subrecipients are not suspended, debarred, or otherwise excluded pursuant to 31 CFR §19.300.

## Reporting:

The County has a population that exceeds 250,000 residents; therefore, is subject to the following reporting requirements.

- 1) Interim Report - due August 31, 2021
- 2) Recovery Plan Performance Report - due August 31, 2021, and then annually by July 31<sup>st</sup>.
- 3) Project and Expenditure reports - due quarterly 30 days after the end of each quarter, beginning with January 31, 2022
- 4) FFATA reporting is being done by the Treasury on behalf of all recipients. The threshold is increased to \$50,000 for subawards, and this information is included in the Project and Expenditure reports for the Treasury to perform the reporting.

The Recovery Plan Performance report is required to be publicly accessible.

## Subrecipient Monitoring:

Subrecipients need to be monitored to ensure they are in compliance with the terms and conditions of the subaward and use the funds for authorized purposes. For any subaward agreements, the County would need all the required information in the contracts pursuant to 2 CFR §200.332. Currently, the County does not have any subrecipients for the ARPA grant.

## Staffing

Key personnel involved the ARPA grant include:

Name	Title
Jill Hayes	Budget Director
Kathy Wall	Central Services Director
Anthony Hagan	Grant Manager

# Objectives and Approach

---

## Objectives

The objectives of this internal audit included the following:

- Test the accuracy and compliance of the quarterly project and expenditure report, due April 30, 2023.
- Determine if approved projects are allowable.

## Approach

Our internal audit approach consisted of three phases:

### **Planning**

During the first phase, Management provided their preliminary planned projects for ARPA spending which consisted of the vaccine incentive program, water and sewer infrastructure, affordable housing, and revenue replacement projects, and drafts of the quarterly project and expenditure report.

### **Testing**

Our procedures included reviewing a draft of the project and expenditure report and the recovery plan due on April 30, 2023 prior to submission for completeness of the required information as defined by the US Department of Treasury. We agreed the expenditure and obligation amounts to underlying general ledger detail. We reviewed if the new projects met the criteria for their applicable categories.

### **Reporting**

At the conclusion of our analysis, we summarized the results of our procedures into a report and conducted exit interviews with the Budget Office and the County Manager to discuss the details of our results.

# Results

Procedures and Results	Resolution
<b>1. Quarterly Reporting and Expenditures</b>	
<p>Management prepared the project and expenditure report that was due April 30, 2023 prior to the due date. The County has expended funds under seventeen projects during the quarter, and we agreed the expenditure amount for the quarter ended March 31, 2023 in the report to the general ledger detail without exception, and recalculated the cumulative expenditure amounts reported for each project. All projects listed in the report were in the proper category based upon their descriptions. We agreed the obligated amounts to what was budgeted in SAP.</p> <p>During our initial review of the project expenditure report, we noted that one project did not have an obligation amount that agreed to SAP, and one project category that needed to be changed to lost revenues. All remaining items in the report were correct.</p> <p>The report was prepared by the Grant Manager and then reviewed and submitted by the Budget Director, ensuring proper internal controls over the compliance for reporting.</p>	<p>Management updated the amounts for the obligation, and changed the project category to lost revenues.</p> <p>See Table I for Cumulative Approved Project Totals.</p>

Procedures and Results		Resolution
<b>2. Project Allocations</b>		
<p>We reviewed all of the projects that were approved by the Brevard County Board of Commissioners (“BOCC”) at various BOCC meetings through March 31, 2023. All of the proposed projects were allowable projects based upon the category assignment. There were two new projects listed in the project expenditure report submitted on April 30, 2023.</p> <p>See the table below for approved projects as of March 31, 2023. Funds can be obligated through December 31, 2024.</p>		Two projects, which had no expenditures, were allowable under the lost revenue category.
Category	Budgeted Project Totals	
1. Public Health and Negative Economic Impacts caused by the Public Health Emergency	\$8.8M approved. See Table I.	
2. Premium Pay for Essential Workers	\$0 No projects have been approved for this category.	
3. Water and Sewer and Broadband Infrastructure Improvements	\$66.4 million for 75 water sewer infrastructure projects	
4. Replace lost public sector revenues 2020 lost revenue - \$21,735,842 2021 lost revenue - \$26,760,639	\$40M approved. See Table I.	

**Table I – CUMULATIVE APPROVED PROJECT TOTALS**  
 Total amounts by category allocation from the quarterly report through March 31, 2023

<b>Category</b>	<b>Budgeted</b>	<b>Cumulative Obligations</b>	<b>Cumulative Expenditures</b>
<b>Public Health and Negative Economic Impacts caused by the Public Health Emergency:</b>			
Affordable Housing	\$2,000,000	\$0	\$0
COVID-19 Medical Claims Reimbursement	3,596,298	3,596,298	3,596,298
P25 Backbone Equipment at EOC	1,200,000	0	0
