

## **Brevard County Libraries Summer Reading Program 2022**

### **My Blue Planet Storytime Packet**

Travel with us and discover some suggested reads, rhymes, fingerplays, and crafts centered around Our Blue Planet, Earth!

All suggested reads can be found in the Brevard County Public Library System and are available to be checked out.

This packet consists of two fully developed storytimes: Babies & Toddlers, and Preschool. Each storytime can be used for any age though and are great for early literacy enrichment and education.

### **Why storytime?**

- Literacy development starts early in life and is highly correlated with school achievement.
- Reading and storytelling with your child promotes brain development and imagination, teaches your child about language and emotions, and strengthens your relationship.
- You don't always need to read books! Try looking at picture books, singing rhymes and songs, or telling stories from your culture.

We've got the deserts and the forests in our hands,  
We've got the jungles and the plains in our hands,  
They're ours to take care of.

We've got the birds and the bees in our hands,  
We've got the creatures of the seas in our hands,  
We've got the tigers and the bears in our hands,  
They're ours to take care of.

We've got the rivers and the oceans in our hands,  
We've got the lakes and the streams in our hands,  
We've got the swamps and the marshes in our hands,  
They're ours to take care of.
