

**PUBLIC SAFETY SERVICES OFFICE
SUMMARY**

MISSION STATEMENT:

Provides Brevard County a safe environment in the right place, at the right time, every time.

PROGRAMS AND SERVICES:

ACCOMPLISHMENTS, INITIATIVES, TRENDS AND ISSUES AND SERVICE LEVEL IMPACTS:

Medical Examiner's Office:

- Provides in depth investigation and analysis, in conjunction with Law Enforcement, on all deaths within the jurisdiction of the 18th District Medical Examiner's Office in Brevard County.

Accomplishments:

- 93% of autopsies were completed within 24 hours of arrival at the Medical Examiner's Office
- 96% of investigations were completed within 24 hours
- 93% of cremation reviews were completed within 24 hours
- Upgraded to digital dictation/transcription device
- Successful response to COVID-19 pandemic with zero cases of transfer from decedent to staff

Initiatives:

- Complete the transition of the Medical Examiner's Office to electronic record keeping, staff trained on new electronic record keeping program

Trends and Issues:

- In last few years the numbers of autopsies conducted each year have exceeded the previous year, additionally, there has been an increase in opioid related deaths and suicides as well

Service Level Impacts:

The increase in cases will result into increase in operating cost, due to laboratory cost associated with autopsies and drug overdoses.

Community Corrections:

- Enhance public safety through the supervision of defendants on Pretrial Release, Community Supervision, and Misdemeanor probation
- Oversees the Teen Court Fund, the Drug Abuse Trust Fund, the Driver's Education Safety Trust Fund, and the contract between Brevard County and the private provider of misdemeanor probation and pretrial services (currently Professional Probation Services, Inc.)

Accomplishments:

- 10,000 contacts with released offenders
- 600 referrals to released offenders

Trends and Issues:

- The Pretrial Release/Community Supervision program continues to provide the Courts with an alternative to incarceration for individuals appropriate for release and who cannot afford to post bond
- The stay at home orders and economic impact of the COVID-19 virus is anticipated to reduce citation revenue within the Community Corrections program, however there will be no impact on service levels as these programs have trust fund dollars that continue to roll over year to year that will be able to offset the revenue losses

Service Level Impacts:

These services help to ease crowding and manage the Brevard County Jail's inmate population.

School Crossing Guards:

- Enhance the safety and security of children who attend elementary schools within the unincorporated areas of Brevard County

Accomplishments:

- There were no abductions or injuries at any of the locations staffed by Brevard County School Crossing Guard

Initiatives:

- Ensure that all School Crossing Guards receive annual training

Trends and Issues:

- School Crossing Guards interact with students, drivers, parents, and grandparents which can be a stressful situation interacting with a variety of individuals, traffic and weather can add to these stressors, all of these result in constant vacancies throughout the school year

Service Level Impacts:

The program's vacancies create the need for daily adjustments of School Crossing Guard assignment to guarantee coverage for all locations, the continuation of this trend could impact the program's ability to manage all current postings
