

U F /BREVARD COUNTY EXTENSION SERVICES SUMMARY

MISSION STATEMENT:

The mission of the University of Florida Brevard County Extension Service is to strengthen communities, sustain agriculture and natural resources, promote healthy families and individuals, and enhance personal and community quality of life.

PROGRAMS AND SERVICES:

ACCOMPLISHMENTS, INITIATIVES, TRENDS AND ISSUES AND SERVICE LEVEL IMPACTS:

University of Florida/Extension Services:

- Provides practical how-to, education-based university research in agriculture and natural resources, urban and commercial horticulture, family and consumer sciences, and 4-H youth development, these resources are available to enhance lives of all Brevard County residents

Accomplishments:

- The University of Florida Brevard County Extension Service reached 111,006 contacts engaging county residents to improve their lives and communities through research-based educational programming from the University of Florida for individuals, families, businesses, and organizations

Initiatives:

- Topics include nutrition, health and food safety, Florida Friendly landscaping, livestock and forage production, mosquito control education, sustainable living, citizen engagement, financial wellness, unintentional childhood injury prevention, turf and grass management, pesticide education, youth development, volunteer management, natural resources, citizen science, and environmental education

Trends and Issues:

- The application of practices or recommendations learned, and professional certifications earned through the Extension Service provided an estimated economic value of \$5,433,522
- Extension leverages the use of trained volunteers to enhance the capacity to carry out the department's mission to educate and improve the lives of Brevard County residents. In 2019 volunteer hours were valued at \$437,278
- Water conservation education through Agriculture, Natural Resource and Horticulture Programming resulted in an estimated annual water savings of 386,541,761 gallons
- Funded grants are run through the University, these grants total over \$314,692 in 2019-2020, with these funds Extension expands educational reach by hiring additional educators

Service Level Impacts:

Soil Conservation and Resource Management:

- To protect, enhance and conserve Brevard County's valuable agricultural lands and natural resources through: Providing technical assistance in the selection and implementation of Agricultural Best Management Practices and; Offering federal financial assistance to help agricultural land users to adopt best management practices and; Promoting public awareness of resource conservation issues and solutions

Accomplishments:

- Natural Resource Management: 35,000 average acres covered by applied Best Management Practices
- Conservation Education Services: Identified and broadened our stakeholder base to help target outreach. Adjusted assistance to meet the needs of smaller operators

Initiatives:

- Natural Resource Management: Nutrient and pesticide uses have been quantified and targeted for reduction through extensive review of chemical applications on many farms or ranches in Brevard County, most Best Management Practices applied identifying proper pesticide selection and application methods, nutrient use will be addressed on a case by case basis depending upon soils, land uses, and soil test results
- Conservation Education Services: We have increased outreach to naturalist groups to reach a more diverse cross section of our community to make them aware of our services and programs, we are working more closely with Brevard County Natural Resource Management

Trends and Issues:

- Natural Resource Management: Our expected trend in the numbers of acres receiving treatment will continue to rise this year through the next three years, non-point source pollution will decrease as we intensify focus on the proper pesticide selected by target pest and apply Integrated Pest Management techniques
- Conservation Education Services: Increase our inputs from civic and private groups and traditional partners to expand the knowledge base and reach of our services
